FMX 2026 FILM & MEDIA EXCHANGE

FMX - Film & Media Exchange is an annual English-language non-profit event in Stuttgart organized by Filmakademie Baden-Württemberg, hosting the Animation Production Days (APD), a joint venture with the Stuttgart International Festival of Animated Film (ITFS).

The conference is funded by the Ministry of Science, Research and Arts and the Ministry of Economic Affairs, Labour and Housing of the State of Baden-Wuerttemberg, the City of Stuttgart and MFG Baden-Wuerttemberg.

THE ROAD AHEAD

"Our task is not to predict the future, but to make it possible."

Antoine de Saint-Exupéry

Film and digital media have blended storytelling and technology since their inception, with engineers providing artists with the tools to bring their ideas to life in ever new ways.

The most recent tool in the box is Artificial Intelligence, triggering the latest in a series of transformations since the advent of the talkies 100 years ago. As with changing global markets and shifting audience behavior, the key is adaptation: the creative industries have a history of constantly reinventing themselves - to be continued.

FMX 2026 will set the stage for people who are shaping the future with their confidence, resilience and creativity in the midst of the ongoing transformation.

FMX 2026 LOGO

The FMX logo is used in all FMX media and publications. The FMX catalog, for example, has the logo alone on the cover page. For an application on black or dark backgrounds a logo with white font is available.

FMX 2026 SQUARE

Unless otherwise possible, you may use the square logo if there is insufficient space for the normal FMX logo. E.g. social media logos. Otherwise, this logo is intended for internal FMX use only.

LOGO DON'TS

Please do not change our logo. This includes but is not limited to modifying the logo, changing the font, changing the color, adding effects and or drop shadows.
